

# Intex Sri Lanka Facilitating RMG Industry Growth Since 2015

As we get ready for Intex Sri Lanka 2024, we're filled with gratitude for the unwavering support from our valued partners, exhibitors and buyers, which has been the driving force behind our success. Your trust and partnership have been instrumental in shaping Intex South Asia into the leading international textile sourcing platform in South Asia.

We extend our sincere thanks to the BOI, EDB, JAAF, SLABA, SLASA, SLAEA, FTZMA, and FAAMA for their guidance and support. From the visionary leadership of the industry associations to the dedication of our exhibitors and the positive feedback from buyers, every stakeholder has played a crucial role in shaping Intex into the comprehensive international sourcing solution it is today. Thank you for being part of our success story. This year, exhibitors from 12+ countries will showcase the latest natural and MMF fibres & yarns, textiles & fabrics, trims & accessories, dyes & chemicals and software solutions. Intex Sri Lanka will also welcome buyers from over 20 countries.

This year, we are pleased to introduce InMac - The International Machinery & Technology Showcase, empowering manufacturers to upgrade machinery and technology in their quest for productivity, efficiency and global competitiveness.

We have created a vibrant ecosystem that fosters innovation, growth and global competitiveness. As we work together to shape the future of the Sri Lankan RMG industry, we invite you to explore the opportunities that await at Intex Sri Lanka 2024.

# InMac - The International Machinery & Technology Showcase Powering Sri Lanka's Garment Industry

Sri Lanka's textile and apparel industry is set to receive a major boost with the launch of InMac, the International Machinery & Technology Showcase. Building on the success of the InMac Zone at Intex 2023, we present InMac – a boutique garment machinery & technology showcase co-located with the renowned Intex Sri Lanka.

Showcasing the latest advancements in computerized sewing & embroidery

machines, digital printing and automated systems, InMac aims to drive technological innovation and improve operational efficiency within the industry. This will empower garment manufacturers to produce higher quality products, meet changing consumer demands, and increase their export potential.

InMac offers a unique platform for industry professionals to connect with leading

machinery suppliers. As Sri Lanka strives to strengthen its position as a global apparel hub, InMac could be the catalyst propelling the country towards a more globally competitive future.

Meet suppliers from Knitting, Dyeing & Finishing Machines, Fabric Spreading, Fabric Cutting & CAD-CAM 3D Design Machines and Engineering Products & Solutions.
