SOUTH ASIA'S PREMIER INTERNATIONAL SHOW FOR THE TEXTILE AND APPAREL VALUE CHAIN

The Flagship Event: Redefining Global Connections Through Sri Lanka

60,000+
Buyers

40+
Countries

2,750+
Suppliers

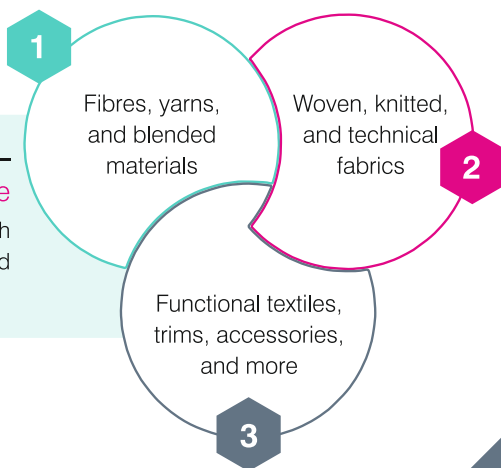

The textile and apparel industry is at a critical inflection point. Amid rising global demand for ethical, agile, and innovation-led partnerships, **Sri Lanka stands as a trusted beacon** — combining precision, compliance, and world-class quality.

At the heart of this transformation is **Intex Sri Lanka 2025 – the 17th edition of South Asia’s most established international textile trade platform**. Organized by Worldex India, this landmark edition returns to Colombo with expanded opportunities, deeper engagement, and an unmatched ecosystem of regional and global participants.

With **17 successful editions across Sri Lanka, Bangladesh, and India since 2015**, Intex has connected over 55,000+ trade buyers from 40+ countries to 2,500+ global textile suppliers, building one of the most influential networks in South Asia’s textile and apparel landscape.

In 2025, this legacy continues — bigger, sharper, and more strategic than ever. Connect with the world’s leading suppliers and discover cutting-edge innovations in:

Pavilion Highlights at Intex Sri Lanka 2025

^{IN} India Pavilion:

Led by major industry bodies — **TEXPROCIL**, **MATEXIL**, **PDEXCIL** and **FIEO** — showcasing India's textile strength across fibres, yarns, fabrics, and value-added products.

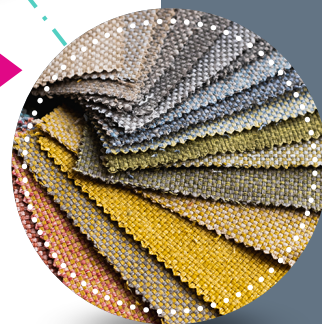

^{KR} Korea Pavilion:

Organized by **KTТА in partnership with KOTRA**, featuring **15+ exhibitors** specializing in smart textiles, high-performance fabrics, and sustainable materials.

^{LK} Sri Lanka Pavilion:

For the first time, **FAAMA-Fabric & Apparel Accessory Manufacturers Association** is curating a **dedicated national pavilion** featuring its members alongside other Sri Lankan companies, showcasing the country's ethical and high-quality production capabilities.

With these dynamic country pavilions and global players on the floor, Intex Sri Lanka 2025 promises unmatched sourcing diversity and regional collaboration under one roof. **Whether you're a brand, retailer, or manufacturer — Intex connects your business with possibilities.**

Convergence of Two Flagship Shows in Sri Lanka

Intex Sri Lanka 2025, along with its powerful vertical — InMac Smart Technology & Innovation in Gar-tex Machinery) — presents a unified sourcing and technology platform like no other.

This is more than just an industry showcase — it's a space where strategy meets execution, ethics align with efficiency, and innovation fuels responsible growth.

From next-gen fabrics and fibres at Intex, to smart apparel machinery, eco-efficient systems, and sustainable processing technologies at InMac, this convergence offers 360-degree visibility into the entire textile and apparel value chain. Together, they create a future-forward ecosystem — intelligent, collaborative, and built for the demands of a new global order. **Welcome to the next chapter of textile sourcing, innovation, and sustainability — all taking shape in Sri Lanka.**

With participants from **15+ countries**, including

India

Sri Lanka

Bangladesh

Taiwan

Korea

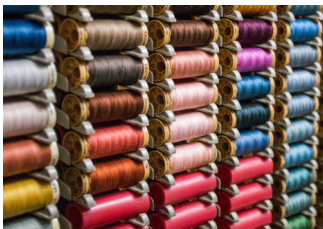

Hong Kong

Thailand

Indonesia

Japan

Smart Technology & Innovation in Gar-tex Machinery

InMac – Smart Technology & Innovation in Gar-tex Machinery

The 17th edition of **Intex Sri Lanka**, alongside the **3rd edition of INMAC**, will be held concurrently — creating South Asia's most comprehensive platform for the textile and apparel value chain. Together, these two synergistic shows are designed to strengthen supply chain integration across Sri Lanka and the wider South Asian markets, driving collaboration, innovation, and sustainable transformation from fibre to fashion, process to product.

Unlock Smart Manufacturing for the Apparel Industry. Step into the future of fashion manufacturing. InMac showcases:

The latest in garment machinery, processing technologies, automation, and digitalization

Solutions for sustainability, waste reduction, and production efficiency

Smart factory systems transforming traditional manufacturing

Discover certifications and next-gen fashion technology redefining modern fashion

Meet top-tier machinery companies, integrators, and solution providers who are powering the Industry 4.0 transformation of apparel production. Whether you're upgrading or setting up a new facility, InMac is where your next breakthrough begins.

Who Should Visit?

Garment Manufacturers

Export Houses

Apparel Brands & Labels

Engineers & Technocrats

Plant Managers

Technical & Garment Production Heads

Buying Houses/Agents

Distributors & Agents of Garment Machinery & Accessories

Garment Machinery Importers, Exporters & Wholesalers

Trade Body Representatives

... and other professionals to build a future-ready garment industry in Sri Lanka.

Two Shows. One Integrated Platform. Endless Possibilities.

Engagements That Matter

Grand Opening Ceremony

Industry captains, association heads, bilateral bodies, embassies and international trade offices, exhibitors, buyers and more converge to set the stage for South Asia's most anticipated industry gathering.

Interactive Business Forum (IBF)

A powerful seminar series featuring insightful panel discussions, trend forecasts, and future-focused dialogue. Over the last 10 years, IBF has helped shape sourcing strategies, policies, and partnerships. This year's agenda explores the industry's most transformative themes — from next-gen materials and circularity, to smart clothing, upskilling, and sustainable fashion ecosystems.

High-Level B2B Meetings

Engagement and Interaction for 3 days designed to spark strategic, long-term partnerships across value chains. Connect directly with certified manufacturers, machinery providers, and raw material suppliers from across the region. Take part in pre-scheduled, personalized matchmaking with sellers aligned to your sourcing goals.

10 Years of Intex Sri Lanka: Celebration & Collaboration with Industry Stakeholders from SA & more

Fashion Fiesta 2025 marks a decade of collective progress, partnerships, and purpose. This exclusive networking evening brings together industry stakeholders — from global buyers and trade representatives to pioneering manufacturers and association leaders — who have been instrumental in shaping Intex Sri Lanka's journey over the last 10 years.

It's more than a celebration — it's a tribute to the spirit of collaboration that fuels the region's textile and apparel success. Join us as we honour the past, toast the present, and build connections that will shape the future of South Asian fashion and sourcing.

Why Buyers Can't Afford to Miss This Event

Source Smarter, Faster, and More Sustainably

Discover innovative raw materials, fabrics, finishes, and technologies that are aligned with the evolving needs of global buyers — from price competitiveness to sustainability and compliance.

Compare Regional Strengths in One Location

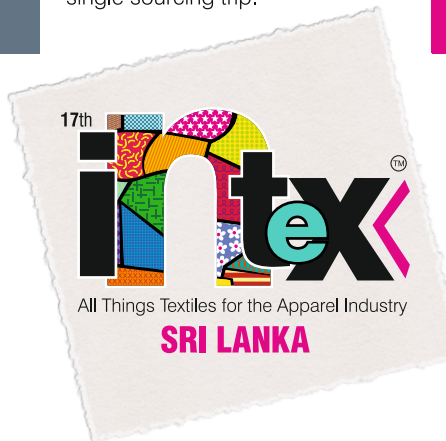

Cut through months of travel and sampling by accessing leading suppliers from across South Asia and beyond, all under one roof. Evaluate quality, capacity, certifications, and innovations in a single sourcing trip.

Discover Game-Changing Production Technologies

Explore the latest in automation, smart machinery, and digital manufacturing solutions that reduce lead time, enhance precision, and future-proof your supply chain.

Unlock Sustainable Chemical & Processing Solutions

Stay ahead of compliance and ESG goals by connecting with chemical partners offering low-impact dyes, auxiliaries, and next-gen finishing agents designed for greener production.

Find Verified & Certified Partners

Meet manufacturers, mills, and solution providers with international certifications, transparency tools, and traceability systems — enabling you to build more resilient and responsible supply chains.

Diversify Beyond Traditional Hubs

Access a wider range of sourcing destinations and suppliers to reduce over-dependence on a single market. Explore what Sri Lanka, ASEAN, and emerging regions have to offer in quality, speed, & ethical manufacturing.

Stay Aligned with What's Next

From fiber to fashion and from processing to packaging — gain visibility on what's trending, what's scaling, and what's transforming the textile and apparel industry in real time.

Make Every Conversation Count

Benefit from direct access to C-level decision makers, factory owners, technology integrators, and trade policymakers — helping you make faster decisions and build supply chain agility.
